Dear Congressmen McGovern and Hultgren:

My Integrity Initiatives International colleagues join me in congratulating and, particularly, commending the Tom Lantos Human Rights Commission for its ten years of exceptional service to the United States and the world. Some of the Lantos Commission's achievements are well-known, including its origination of the Magnitsky Act. Many of its other activities, including the hearings, protection, and encouragement the Lantos Commission has given to legions of men and women persecuted abroad may not be as widely recognized, but have been invaluable. At a time when the fundamental principle of universal human rights is under unprecedented attack, the dedication of the members of the Lantos Commission and its staff is most important appreciated.

We thank you for your leadership and send our very best wishes for the continued progress of the Lantos Commission's vital work.

Sincerely yours,
